## OBJECTIVE

---

Dedicated and motivated third-year B.Tech student in Computer Science and Technology with a passion for web development. Seeking an internship or entry-level position in a dynamic organization where I can leverage my skills and knowledge in web development to contribute effectively. Eager to apply classroom learning to real-world projects, enhance my expertise, and collaborate with talented professionals to create innovative web solutions.

## EDUCATION

---

**Bachelor of Computer Science Engineering, BVCOE**

Expected 2025

Relevant Coursework: OOPS, DBMS, CN, and DSA.

## SKILLS

---

<b>Technical Skills</b>	C++, JavaScript es6, HTML 5, CSS 3
<b>Library</b>	ReactJs, MUI, Redux Toolkit
<b>Framework</b>	Nextjs, TailwindCSS
<b>Devtools</b>	Github

## EXPERIENCE

---

**Frontend Developer**

Dec 2023 - Present

Payr Let's plan it

Noida, Uttar Pradesh

- Achieved 40% growth for Payr using Reactjs, Javascript, and tailwindCSS.
- Led the development of a responsive e-commerce website for Tech Solutions Inc., resulting in a 30% improvement in user engagement and conversion rates for the company's online platform.
- Created a cutting-edge Track Suggestion Generator empowering users to seamlessly schedule future tasks, leveraging the power of React.

## PROJECTS

---

**Payr** Crafted an innovative student-focused tool that revolutionizes task scheduling by seamlessly integrating resources, mentorship, and course-related tasks. With this platform, students can efficiently manage their academic responsibilities while accessing personalized guidance from mentors. ([Try it here](#))

**Amazon Shopping App** Developed a comprehensive shopping application from conception to execution, showcasing proficiency in front-end development technologies. Seamlessly integrated complex features such as user authentication, dynamic data rendering, and state management. ([Try it here](#))

**Portfolio** Developed a responsive portfolio website utilizing React.js and Tailwind CSS, showcasing proficiency in modern front-end development techniques. Implemented dynamic content rendering and interactive components to highlight projects and skills effectively. ([Try it here](#))

## EXTRA-CURRICULAR ACTIVITIES

---
